Final Note by the First Member of Council.

—•—

Subject:—

Management by Government of the properties outside the State belonging to the Sri Vyasaraya Swami Mutt at Sosale.

—•—

This Mutt is endowed with large properties in and outside the State. Owing to unsatisfactory administration of its properties, Government had to undertake their management with His Highness's approval for a period of about 13 years from 1903. During this period the affairs of the Mutt were placed on a satisfactory footing and its heavy debts were also discharged. As the affairs of the Mutt again fell into disorder and the Swamigalu requested that the properties might be managed by Government, the estates within the State were again brought under Government management with His Highness's sanction in 1925 and as regards estates outside the State the Swamigalu was informed that he should make his own arrangements for their management, as it was found to be difficult to manage these properties which are situated in a large number of places and some of which are also involved in litigation.

The Swamigalu has ever since been repeatedly requesting Government to assume the entire management of all the Mutt properties, both in and outside the State, he being allowed a sum of Rs 2,000/- per mensem towards the expenses of the Mutt. He is apparently unable to manage the affairs of the Mutt and the arrangement of entrusting the management to persons appointed for the purpose by the Swamigalu has not proved successful. In view of this position it is proposed to accede to the request of the Swamigalu for a period of

of three years with a view to reduce the affairs of the Mutt which is one of the important religious institutions in the State to order. It is not, however, possible to agree to the stipulation for the payment of any particular sum each month, as this will depend upon the net annual income of the Mutt. If a sum of Rs 2,000/- can be spared from the income of the properties, it will, of course, be paid to the Swamigalu as desired by him. The Swamigalu will be asked to give an undertaking not to hold the Government responsible for any loss alleged to have been caused by their management of the properties or for the acts done by their officers in good faith.

The Dewan has agreed to this proposal and it may be graciously approved.

SIR,

w/b
June 11/29

With reference to your letter No. 2558/Muz.389-28-2 dated 18th May 1929 forwarding for report the Srimukha of the Sri Vyasaraya Matt Swamigalu requesting that the Matt properties outside the State may be taken under Government management, I have the honour to state that a similar Srimukha registered No. 1782 of 1928-29 dated the 4th April 1929 was received in this office from the Swamigalavaru. The Swamigalu states that after dispensing with the services of Mr. Gopala Rao, the other persons appointed by him did no more than allowing the arrears to swell, that many of the properties have been brought to sale on account of arrears due to Government, and that the affairs of the Matt have drifted into such chaotic condition that it has become difficult for him to meet the expenses of the Matt and requests again that the entire management of the Matt properties both within and outside the State may be taken under Government Management, he being allowed a sum of Rs.2000/- per mensem for meeting the cost of Nityakatle and Hetchukatle services in the matter. I anticipated that the Swamigalu would not be able to manage the properties without any assistance and I therefore recommended that the Muzrai Department should take charge of all the properties.

Government however vitoed the proposal vide Financial Secretary's No. 1441 dated the 22nd February 1929.

The properties within the State have been taken under Government management and they have been placed on a satisfactory basis. Contribution to the Muzrai Establishment Fund is being regularly recovered. As regards properties outside the State as already observed, unless they are also taken over under Government management they may all be lost to the Matt.

The Matt is one of three important Madhva Mutts in Southern India with its Head-Quarters in Mysore State and with large endowments in the State granted by the previous rulers for its up-keep. Its succession requires the approval of Government and it has a large following of devotees in the State not to speak of those outside. If some assistance is not given to the Swamigalu to manage the properties outside the State I fear that he will not be able to retain them long as some effective action is necessary which the Swamigalu is neither qualified nor able to take.

In these circumstances, I beg once again to recommend that Government may take over the management of the properties of the Mutt outside the State also. The Swamigalu has agreed to leave the whole management in the hands of Government and to rest content with a cash allowance of Rs.2000/- per month for the maintenance of the Mutt, its temples and other adjuncts. He may be required to give an undertaking that he will not hold the Government or the Muzrai Department responsible for any loss that may occur during the management and for all acts done by its Officers in good faith.

If Government approve of my proposal for the management of all the Matt properties both in and outside the State, I beg to recommend that an active and energetic Amildar may be appointed with suitable subordinate staff, the entire cost being met from the funds of the Matha.

On receipt of Government sanction to the above proposal, details of cost as to the strength and pay of the staff required and of the monthly payment to be made to the Swamigalu for the Matt expenses will be worked out and submitted. I solicit the favour of early orders of Government. The enclosure to your letter under reply is also returned herewith.

I have the honour to be,
Sir,
Your most obedient servant,

Muzrai Commissioner.

SIR,

With reference to your letter No.170/Mur.506-28-9 dated 8th July 1929 re resumption of the management of the properties of the Sosale Vyasarajaswami Matha outside the State, I have the honour to submit herewith the original Srimukha dated 31st July 1928 received from the Swamiji expressing his wishes for the arrangements proposed to be made by Government for conducting the administration of the outside properties and stating that previous experience has shown that the appointment of a committee of disciples to manage all the properties will not be conducive to better administration of the endowed properties and consequently chosen one in favour of the contemplated committee and requesting that the Government may graciously undertake the entire control and management of the outside properties in the case of properties within the State the annual income derived being Rs.21,000/- being paid to him annually for the upkeep of the temples in the Matha.

2. The Swamiji is against the appointment of a committee of disciples and hopes that the properties will be effectively managed if left solely in the hands of Government officials as proposed by the committee. It seems to me that the management by the Swamiji is correct as much as a committee may not be in a position to exercise any effective control, while on the other hand, it may not be advisable in the way of efficient management to entrust, when the Swamiji is agreeable to the entire management being left to the Muzrai Department

discretion of the Government, there appears to be no n to force a committee of management on him, which after all, may not be in a position to spare the required time or to show -- the earnestness necessary for a proper management of the -- properties which are scattered in the several districts of the Madras Presidency. I beg therefore that the decision to ---- constitute a committee of disciples may kindly be reconsidered in view of the Swamy's expressed wishes and further orders ---- communicated to me to formulate definite proposals for the --- management of the properties endowed to the Matha.
